Users Guide - Texas Instruments Wiki

Should I have my EVM speaker reconed as a 15B or a 15L? I am having the blown EVM 15B that came with my Sunn 2000s cabinet reconed, and I am unsure whether to get it reconed as a 15L or a 15B. The cabinet came with a working 15B and a completely blown but cosmetically perfect 15B, and my Musicman 115RH cabinet has a slightly worn out 15L in it.

Should I get an EVM 15L or 15B? | TalkBass.com

demonstration and approval of an Earned Value Management System (EVMS) that is used to manage capital asset projects and meets the intent of the 32 EVMS Guidelines embodied in the EIA-748 Standard for Earned Value Management Systems. The EVMS standard will be referred to throughout the remainder of this document as the " 32 Guidelines."

I bought a used peavey combo 300. The speaker had been replaced with a evm 15l. My dog at the speaker, all that is left is a magnet and a basket. I'm looking into getting it re-coned but most of my research has said that the speaker is a guitar speaker. Will this speaker handle the sub 40 Hz of a 5 string?
