**Monoculture How One Story Is** experience always diverges from the monoculture and its master story, because our humanity is never as one-dimensional as the master story says it is. The human experience is always wider and deeper than a single narrative, and over time, we become hungry for something the monoculture isn't speaking to and isn't giving us — can't give us.

**Monoculture: How One Story is Changing Everything**

Monoculture refers to the effect that this master story has on culture: "one narrative in society that takes over the others, shrinking diversity and forming a monoculture." The author argues that values such as truth, beauty, justice, and I think the premise of the book is much more intriguing than the actual read.
