Carpentry Practice Test - Tests.com

NCCER's curriculum in Carpentry teaches trainees to construct, erect, install and repair structures and fixtures made from wood and other materials. This four-level curriculum covers content such as Building Materials, Cabinet Fabrication and Advanced Wall Systems in order to successfully work in a variety of construction activities.

NCCER | Carpentry | Pearson qualifications

As a result of this review, NCCER must periodically implement changes to ensure the expectations of the industry are met, and appropriate outcomes are achieved. Effective January 13, 2020, individuals who have passed both an NCCER written assessment and the associated Performance Verification (PV) will be recognized as Certified.
